

Prayer Focus – 21 – 27 November 2022

Norway, Iceland and the Faeroes Territory

Territorial Leaders: Commissioners Knud and Lisbeth Welanders

Prayer requests:

Norway

- Pray for more children, youth and families to come and feel at home in TSA, so they can flourish and grow in Christian faith.
- To open our communities for immigrants and refugees and strengthen our commitment outside our own territory (countries)
- That our fellowships can be inclusive places where we naturally can talk about faith, growing and living out our faith, finding our places where we can serve God in our communities.

The Faeroes

- Pray that God will Show us what His plans for us are, we want to listen to His voice, so we can be a Salvation Army for the future on the Faeroes Islands.
- Pray that we as leaders will listen and follow his guidance to be able to serve all people.
- Pray that His kingdom will grow, and new people will join The Salvation Army and become soldiers.

Iceland

- Pray against unfair treatment of asylum seekers in our country and against growing violence between especially young people.
- In our corps and other places where we work pray that God will help us to care for the people He has sent to us and give us courage and strength to continue being an including fellowship for everyone coming and taking part in our activities.
