

Prayer Focus – 05 – 11 December 2022 The Philippines Territory

Territorial Leaders: Colonels David and Elsa Oalang

Prayer requests:

- The Territorial Theme is:
“God is able to superabundantly bless, beyond our greatest prayers, hopes and dreams”
(AMP Ephesians 3:20)

This theme embraces every aspect of the Territory’s ministry. In particular, please pray for all the trainings and initiatives on evangelism and discipleship so we can become faithful partakers in the great harvest of souls.

- For more young people to respond to the call to Officership and for the training of ministry volunteers- those who are willing to offer certain number of years for service. Afterwards, they may eventually decide to enter the OTC or return to service as local officers.
- For greater impact of community based social programs that focus on developing disaster preparedness/empowerment and resilience.
- That our Social Services Inc. will be able to renew its accreditation as a donee institution so we can get better and bigger donations from the public.
- For property concerns as we grow in number both in soldiership and number of corps.
- For the Educational Services (learning centers/schools), that they will be able to cope with the challenges caused by the Pandemic.
