

Prayer Focus – 18 - 24 September 2023 South America East Territory

Territorial Leaders: Colonels Philip and Sheila Davisson

Prayer requests:

Please pray:

- For increased visibility in the communities of each of our corps, centres and social orientation offices, so that, through relevant programmes, we can have an impact on the hearts of our neighbours.
- For officers to have renewed strength and passion for evangelism and the opening of new outposts and corps.
- For an awakening of our soldiers, young and old, to God's call to serve as Salvation Army officers or local officers.
- For our children and youth who are the most vulnerable population at this time and are affected by abuse, loneliness, poverty and lack of resources to help them succeed in a demanding and competitive society. May they find in the Saviour Jesus Christ and in our programmes a constant and faithful support.
- For our work among families with the goal of helping them to become established as a solid base in the face of society's constant changes and confusing messages.
