

Prayer Focus
25 September- 01 October 2023
Italy and Greece Territory

Territorial Leaders: Lieut-Colonels Andrew and Darlene Morgan

For **ITALY**

Please pray:

- for the Lord's guidance in the development of a future officer training program
- for individuals to sense and obey God's call on their lives to officership
- for the nurturing of seeds planted during summer camping ministries with children, youth and women
- for wisdom in the ongoing relationship-building with the Italian government
- for the Lord's guidance and provision in the continued development of our public relations and fundraising
- for fruitful outcomes of the Territorial Review happening in this week, that they may guide us to clearer mission focus and effectiveness

Please pray with thanks for:

- successful summer camping ministries, the first post-COVID
- committed and joyful officers and soldiers

For **GREECE**

Please pray:

- for a favourable outcome following the submission of The Salvation Army's updated legal constitution to national authorities, that TSA will thus stand in good stead legally for the foreseeable future.
- that the practical and spiritual input given this summer in Greece by the USA Eastern Territory's Mission Team will take root and grow into something beautiful in the lives of those they served. We thank God for the team's spirit of servanthood, their open minds, and the new friendships formed with those they served.

Please pray with thanks for:

- integrated mission which is growing in Greece. Pray that the multi-cultural and multilingual communities surrounding the Corps will continue to be influenced by the Gospel, and that our God may become known and great in a very real and tangible way.
- families entering our buildings. Pray that their lives will be changed because of encounters with Christ through our officers, personnel and volunteers.
