

Prayer Focus 19 – 25 August 2024
India South Eastern Territory

Territorial Leaders:

Colonel Lalbulliana Tlau - Territorial Commander
Colonel Lalnunhlui Khawlhring - Territorial President of Women's Ministries
Lieut-Colonel Santhi Babu - Chief Secretary
Lieut-Colonel Samraj Babu - Territorial Leader for Leader Development

Prayer Requests:

Our people.
Soldiers.

Please pray:

- for improved relationship and understanding among soldiers for their corps development. Please pray that people will stand together and take responsibility for local mission.

The officers of the India South Eastern Territory.

Please pray:

- for new candidates. The gap between the number of officers retiring and the number of officers being commissioned is currently increasing and causing concern. We also have an increasing need for corps officers.
- for the Centre for Officer Training and those who lead the training.
- for our active officers. We have recently seen a number of active officers promoted to Glory so pray for good health among those actively serving. We would also like to pray particularly for those corps officers working in extension areas (far off places) for their personal and mission needs.
- for leadership opportunities in the territory, that people will be identified and developed within leadership programmes, and for women in leadership roles.

Young people in the India South Eastern Territory.

Please pray:

- that our meetings and programmes will make a spiritual impact upon our children and young people.
- for school going students, including those who attend Salvation Army schools in the territory.
- that our Youth Mission Team will reach people with their mission and music.

Our resources.

Please pray:

- That prayer halls will emerge in places where there is currently a need to meet together.
- That the building work taking place on the new THQ building in Nagercoil will be completed well.

Our mission.

Please pray:

- For the identification of new mission fields and opportunities for saving souls.
- For Catherine Booth College of Nursing. For the approval to begin post graduate course of nursing studies in the hospital campus.
