

Prayer Focus 16 - 22 September 2024
Finland and Estonia Territory

Territorial Leaders:

Lieut-Colonel Saga Lippo - Territorial Commander

Lieut-Colonel Esa Nenonen - Secretary for Programme

Major David Kotrikadze - Chief Secretary

Major Anna Kotrikadze - Territorial Secretary for Women's Ministries

Finland

We thank God:

- for the summer congress we had in June with the General Andre Cox and Commissioner Silvia Cox
- for the children's summer camps
- for the flourishing youth ministry at Vaasa Corps
- for the officers, employees, soldiers and volunteers committed to God's mission through the Army
- for the donations from the general public. We pray for all the donors.

We would like you to support us in prayer for:

- people to be willing to become part of the Army as adherents, soldiers and officers
- finding creative ways to minister to young people and children
- the new community project plant in East Helsinki
- the men's, women's and senior programmes in the fall
-
- for the iCare secondhand shops to be continued developed as means of self-support
- for seeking God and his ways

Estonia

We thank God:

- for the smooth appointment moves and ask for your prayers for the officers who moved, and the Corps involved, so new fruits will grow in the Corps.
- for all our officers and employees, for their love and care for the people we serve. Please pray for their health and protection.
- for our cadet who will be commissioned in October, and also for the new cadet who starts her training this September. May God bless them both in their new chapter of life with Him.

We ask you to pray for:

- our children and youth, for new ways to attract them into our corps and to make new disciples of Christ. Thank God for those who serve our youth and children.
- our financial situation, to become more independent and find new ways to receive fundings from within Estonia itself.
- new opportunities to develop our spiritual and social work in Estonia, with starts with good relationships with the local governments.
- our planned 30th anniversary in 2025 (from the returning of TSA in Estonia in 1995). May God's will be done and his name glorified.
