

Prayer Focus 28 October - 3 November 2024  
South America East Territory

**Territorial Leaders:**

Colonel Philip Davisson - Territorial Commander

Colonel Sheila Davisson - Territorial President of Women's Ministries

Lieut-Colonel Elder Dinardi - Chief Secretary

Lieut-Colonel Roxana Dinardi - Territorial Secretary for Women's Ministries

**Prayer Request:**

- The awakening of vocations in young people who wish to accept the call to become officers of The Salvation Army.
- The implementation of the new strategic plan that will guide the actions in corps and institutions in Argentina, Uruguay and Paraguay for the upcoming years.
- That each of the salvationists in our territory, involved in the privilege of serving God, will be salt and light in their communities, bringing the gospel to children, young people, ladies and gentlemen of all ages.
- We trust that growth in membership is the only way to sustain our mission over time. And at the same time, we ask God to help us find the best strategies to raise funds and sustain the work throughout the territory. We pray for the Lord's blessing on the charity shops, our main source of funding, and for each appointment to make the most of its potential in the community.
