Hong Kong and Macau Territory

Territorial Leaders:

Colonel Phil Maxwell - Territorial Commander

Colonel Deslea Maxwell - Territorial President of Women's Ministries

Major Tsui, Heung-Ying (Minnie) - Chief Secretary

Praising God for:

- Under the theme *Legacy of Hope* the Hong Kong and Macau Territory celebrates serving Hong Kong for 95 years and Macau for 25 years in 2025. We praise the Lord for his unfailing love, joy, and hope, which remains the foundation for both our mission and our ministry.

Requests:

- Pray for the visit of General Lyndon and Commission Bronwyn Buckingham to Macau, Mainland China and Hong Kong – culminating in the commissioning of the *Keepers of the Covenant* session this October. Through this celebration event, may God revive the Salvationists in their passion, call his people to serve him, strengthen our staff in their service, and grant hope to those touched by our ministries.
- We would invite you to join us in praying for the Brengle Institute in September. That God will speak clearly into the lives of our officers and soldiers.
- As we approach 100 years of service in Hong Kong, the Territory has launched the 5-year strategy with the theme *Hope and a Future*. The six priorities focus on our people, our ministry, our message and our management. Pray for God's sovereignty over the leadership, administration, ministries and services, and that good and effective stewardship will be seen across the Territory.
