**Praise Points**

- We praise God for our social institutions, which offer services that are appreciated by the population and the authorities
- We praise God for young people who show interest to work in our church work
- We praise God for the blessing of balanced finances

**Prayer Points**

*Switzerland*

- Thy kingdom come in our lives: that we may be obedient to the Spirit and become beacons of hope
- Thy kingdom come in our families: that they may show how human relations are different when you are loved by the Father, forgiven through Jesus, and renewed by the Spirit
- Thy kingdom come in our communities: that people looking for meaning and hope may find their place in the Salvation Army
- Thy kingdom come in our social work: that our clients may feel that they are valued by the employees of the Salvation Army and by touched by the grace of God

*Austria*

- We are trying to optimise the management structure and are asking God for guidance.

*Hungary*

- The regional officers are being replaced. We ask for a smooth transition process at all levels and that everything will work out with the travel and the work permits for the new regional officers from the USA.

Thank you for your continued prayers for the Switzerland, Austria and Hungary Territory!
